

TABLE OF CONTENTS

| | |
|--|-------|
| List of Contributors | v |
| Preface | ix |
| Bibliography (through November, 2023) of Louis L. Jacobs | xi |
| Louis Leo Jacobs III | |
| <i>Louis H. Taylor, Lawrence J. Flynn, and Michael J. Polcyn</i> | xxxix |

WINDOWS INTO SAUROPSID EVOLUTION

| | |
|--|-----|
| Novel Anatomy and Paleobiological Insights on <i>Cistecephalus microrhinus</i> (Synapsida: Dicynodontia) <i>Z. Macungo, R. Araújo, C. Browning, R. M. H. Smith, R. David, K. D. Angielczyk, A. Massingue,</i> <i>S. Ferreira-Cardoso, and D. J. P. Kortje</i> | 1 |
| Remarkably Well-preserved <i>in-situ</i> Gut-content in a Specimen of <i>Prognathodon kianda</i> (Squamata: Mosasauridae) Reveals Multispecies Intrafamilial Predation, Cannibalism, and a New Mosasaurine Taxon <i>Michael J. Polcyn, Anne S. Schulp, and António Olimpio Gonçalves</i> | 66 |
| Paleodiversity and Niche Partitioning of Crocodyliforms from the Woodbine Group (Late Cretaceous: Cenomanian) <i>Thomas L. Adams, Stephanie K. Drumheller, and Christopher R. Noto</i> | 99 |
| Late Carnivorous Dinosaurs: Hand Modifications, Evolution, and Ecology <i>Rinchen Barsbold</i> | 120 |
| First Record of an Abelisaurid (Dinosauria, Theropoda) Natural Endocast, and Comments on Skull Roof Ornamentation <i>Ariana Paulina-Carabajal, Karen Ulloa-Guaiquín, Leonardo S. Filippi, Ariel H. Méndez,</i> <i>and Yuong-Nam Lee</i> | 130 |

WINDOWS INTO SAUROPSID AND SYNAPSID EVOLUTION

New Insights on the Frill Ornamentations of Protoceratopsids

Kentaro Chiba, Michael J. Ryan, Mototaka Saneyoshi, Satoshi Konishi, Yudai Yamamoto, David C. Evans, Tsogtbaatar Chinzorig, Purevdorj Khatanbaatar, Zorigt Badamkhatan, and Khishigjav Tsogtbaatar

..... 140

A New Late Cretaceous Leptoceratopsid (Dinosauria: Ceratopsia) from the Oldman Formation (Campanian) of Alberta, Canada

Michael J. Ryan, Logan Micucci, Hanika Rizo, Corwin Sullivan, Yuong-Nam Lee, and David C. Evans

..... 151

A Juvenile Hadrosaur Maxilla from the Dinosaur Park Formation (Campanian) of Dinosaur Provincial Park (Alberta, Canada)

Philip J. Currie, Junchang Lü, and Yan-Yin Wang 166

Description and Review of Non-avian Dinosaur Eggs from Cretaceous Deposits of the Mongolian Gobi Desert

Kohei Tanaka, Darla K. Zelenitsky, François Therrien, Yuong-Nam Lee, Katsuhiko Kubota, Yoshitsugu Kobayashi, Gregory F. Funston, and Khishigjav Tsogtbaatar 176

On the Significance of a Late Cretaceous Tyrannosaur Track from Aniakchak National Monument (Chignik Formation, Campanian-Maastrichtian), Southwestern Alaska

Anthony R. Fiorillo, Yoshitsugu Kobayashi, Paul J. McCarthy, Laura Stelson, and Emily Schwing 211

Insight on Interactions among Climatic, Biotic, and Atmospheric Processes during the mid-Cretaceous using Terrestrial Deposits in Texas and Oklahoma

Kate A. Andrzejewski, Andreas Möller, and Christopher R. Noto 222

Narrative of the Korea-Mongolia International Dinosaur Expeditions (KID) 2006-2010 with Scientific Results

Yuong-Nam Lee, Louis L. Jacobs, Philip J. Currie, and Rinchen Barsbold 233

The House with the Weird Animal: A Brief Account of the Establishment of Karonga and other Museums in Malawi

Yusuf M. Juwayeyi 252

WINDOWS INTO SYNAPSID EVOLUTION

Of Mice and Men Revisited (Again)

David Pilbeam 260

| | |
|---|-----|
| ONE MORE SIWALIK SURPRISE: The Oldest Record of <i>Mus</i> (Mammalia, Rodentia) from the Late Miocene of Northern Pakistan | |
| <i>Lawrence J. Flynn and Yuri Kimura</i> | 264 |
| New Material of <i>Sayimys</i> (Rodentia, Ctenodactylidae) from China | |
| <i>Lawrence J. Flynn, Wenyu Wu, Lu Li, and Zhuding Qiu</i> | 273 |
| New Rhizomyine Rodent Specimens from the Late Pliocene (upper Siwaliks) of India: Phylogenetic Implications | |
| <i>Rajeev Patnaik, Lawrence J. Flynn, Rohit Kumar, Bahadur Singh, and Kewal Krishan</i> | 290 |
| Late Miocene and Early Pliocene Rodents from the Tugen Hills, Western Kenya | |
| <i>Alisa J. Winkler</i> | 306 |
| A New Species of <i>Pliopentalagus</i> (Lagomorpha, Mammalia) from the Pliocene Kobiwako Group, Central Japan | |
| <i>Yukimitsu Tomida and Keiichi Takahashi</i> | 332 |
| Procyonidae (Mammalia, Carnivora) and the Great American Biotic Interchange | |
| <i>Jon Baskin and Alberto Valenciano</i> | 341 |
